2022 DISCOVERY ROAD BY GIBSON MONTEPULCIANO

STORY

Barossa Montepulciano, or 'Monte', is a discovery we have great faith in. With its Mediterranean origins, it has natural agility to perform well in warm, dry conditions. We see it as a 'next gen' Barossa variety that will sit comfortably alongside existing regional classics in the future.

Our 2022 Montepulciano, grown across two sites in the Barossa, has a perfumed nose with aromas of fresh boysenberry, mulberry, black cherry, and violets. The dark and brooding fruit provides great structure and balance whilst finishing with bright acidity and ferrous-like tannin.

VINTAGE NOTES

A dry growing season was punctuated by a hot November and cool January, leading to stalled potential early but optimum ripening mid-season.

TASTING NOTES

Colour: Crimson with ruby hue.

Aroma: Boysenberry, mulberry, black cherry, and violets.

Palate: Dark and brooding fruit provides great structure and balance whilst finishing with bright acidity and ferrous-like tannin.

Food Pairing: Wood fired pizza.
